## Howard & Friends, Star Contact/Star Palm/Agent's 1st Choice

Agent's 1st Choice is the latest version of Howard & Friends and Star Contact. Anyone purchasing or leasing Star Contact or H&F 12.27 after October 1st 2005 will be entitled to the new release of Agent's 1st Choice at the same price and terms as they purchased, whether at a show, in a bundled package or from a Howard & Friends Distributor or from Ontrac's web site. At the time of this printing Agent's 1st Choice had not yet been released to the general public. Agent's 1st Choice is expected to be released by end of Nov. 2005. All data from either H&F 12.27 or Star Contact will convert as well as several other contact management programs including Top Producer, Agent Office, Prep, ACT, Goldmine and others.

Star Contact, & Agent's 1st Choice single agent program all include:

1. Palm Sync (Std) (no extra charge like Brand X)
2. Up to 3 assistants at no additional charge (no extra charge like Brand X)
3. Unlimited databases (No extra charge like Brand X)
4. Main/Remote Sync, Network Sync, Web Sync (hosted by agent is free) (No Extra Charge like Brand X)

Note: OnTrac Computer Systems is changing its name to Howard & Friends Inc. Those of you familiar with the Howard & Friends products will see the name of the contact manager changed to Agent's 1st Choice.

## Computer CMA Plus Description

### Single Agent

Single Agent CMA licensed to individual user. Each report prints out with licensed users name and Information on reports. May be installed on more than 1 computer as reports will all print out with users name and information. (Mapping program is an additional Option for all CMA Programs)

### Team

Designed for the small team. Same as Single Agent but allows for separate installation on multiple computers. Installation is licensed to user and computer. Each agent can have unique setup and can password protect individual setup. Package comes with 1 CD and 1 USB license key which must be used for installation on different computers.

### Mini Office

Used by the entire office or team. Allows for a total of 12 users on single computer. Same features as Enterprise Version just has a maximum of 12 users total. Program comes with 3 installations. Mini Office can install on 2 computers but total number of users is limited to 12. ie: could have 6 users on 1 computer and 6 on another or 11 on 1 and 1 on another. Each user can password protect and have individual setups.

### Enterprise Version

Used by the entire office for a maximum of 25 agents on 1, 2, or 3 computers with 3 installation licenses. Could have 12 agents on 1 computer and 13 on the other but total agent count is limited to 25 agents. Can be customized by your company for a distinctive look and feel. Agent's name appears on every page along with company name. Each agents CMA's saved to their own password protected database along with personal setups. Additional License installations available

### Network (Call for pricing or visit the web)

Network version available from 10 users to 500+ Multiple users on a network with complete access. Each agent can password protect their data and login. Special Franchise and Office versions available.

## Money Magic Description

Single Agent and Enterprise. Same configurations as CMA Plus. Intertwists with Agent's 1st Choice and Computer CMA Plus to avoid duplicate entry and typing.
